## FACILITIES TO SUIT YOUR HOTEL

### BEING THE BEST, NOT THE BIGGEST

It is a long time since wireless Internet access has been a noteworthy service for hotels. Attracting today's business guests requires something more exclusive.

ITQ's Business Facilities give your guests full printing facilities from wherever they are in your hotel using whatever computer, tablet or smartphone they prefer to use.

This flexibility alone makes ITQ's Business Facilities exceptional. What makes them unique is their ability to offer superior facilities without needing a large and expensive business centre.

ITQ's Business Facilities even make furnishing a business centre with computers optional. Guests can print directly from their own devices or you can follow the more traditional route of equipping the business centre with computers. The same superb printing facilities are available whichever option you prefer.

You can offer the business support facilities of a major international hotel from a surprisingly modest budget and floorplan.

You don't have to be big to provide the best.

### THE ITQ DIFFERENCE

- 1 Generate revenue from business centre printing
- 2 Guests can print from any email-enabled laptop, tablet or phone
- 3 Guests can print from anywhere: rooms, bars, restaurant, etc
- 4 Attract more lucrative business guests with superior services
- 5 Reduce the cost and complexity of providing business services
- 6 Deploy flexible facilities to match available floorspace and budget

“ By transforming our Business Centre, ITQ has provided a great facility for our guests and a fantastic revenue source for the hotel. ”

Trevor Barnard  
Group Purchasing Manager, Exclusive Hotels

## FLEXIBILITY FOR YOUR GUESTS

The flexibility of ITQ's Business Facilities will suit you and your guests. Many guests, for example, prefer to work in the privacy of their room or in a quiet area of your bar rather than in a business centre where somebody could be looking over their shoulder or disturbing them with phone calls.

## FLEXIBILITY FOR YOUR HOTEL

Even if you already have a business centre ITQ's Business Facilities expose a new range of possibilities. The space you currently dedicate to your business centre could be dramatically reduced, allowing a larger bar, more seating, a more impressive Reception - anything that suits your hotel's priorities. ITQ's Business Facilities give you the flexibility a monolithic business centre can't.

The services that you used to provide through a large business centre can, with ITQ, be provided by a 'print station' and single computer. It's a fantastic situation for everybody: your guests get superior business support facilities, you add an attractive and profit-making service to your hotel's portfolio and you reclaim or minimise the floorspace required to do it.

The impact on budgets is also hard to ignore. A smaller business centre is less expensive to equip, yet your ability to derive revenue and profit from it remains unchanged.

ITQ's Business Facilities give you the flexibility to provide unrivalled business services in a manner that is appropriate to any hotel, small or large.

## ABOUT ITQ

ITQ is a forward thinking and dynamic company providing high level support and exceptional levels of service. Established in 1991, we have evolved into a premier print solutions provider.

In 2011 our development and strength was recognised in the marketplace when we were selected to supply the BBC with one of largest and most prestigious print management contracts awarded in the UK.
